

Grid Layout 1

The screenshot shows the MyMercer website interface. At the top left is the MyMercer logo. At the top right, it says "Hello Christopher! Logout | Help". Below this is a navigation bar with "My Home Page" and "Personalize". The main content area is divided into three columns: "Online Registration", "My Grades", and "Health Insurance Waiver". The "My Grades" column is the largest and contains a list of links: "Announcement", "Calendar", "Advisor", "Register to Vote", "Statement of Student Responsibilities", "Password Change", "Manage My Account", "Residence Life/Housing", "Student Privacy", "National Student Clearinghouse", "Financial Aid Award Letter", "Barnes and Noble (Macon)", "Message Center", "Starfish", "Electronic Transcripts", "Canvas Access", and "Retrieve IRS Form 1095". The "Canvas Access" link is expanded to show the Canvas logo and text: "Canvas is Mercer's Learning Management System. It is used to deliver online courses. For additional help, use the links below." Below this text are links for "Canvas login" and "Canvas help". The "Health Insurance Waiver" column contains a "News Center" section with a photo of a student and a "Mercer News!...more" link, followed by a list of news sources: "My Weather", "MSN TopStories", "Fox TopStories", "ESPN TopStories", and "CNN TopStories". At the bottom left, it says "Version: 18.0.1.5". At the bottom right, there is a "Doc Center" link and a footer with links for "Home", "Logout", "Help", "Site Index", "Campus Contacts", "Privacy Policy", and "Feedback Form".

The grid layout of this site is simple and compact. Appears to be 1x3 configuration with the third section divided into 1x2 and then again divided into 1x2, finally the first of the last being divided 1x3.
