

Scenario 2

Have a memorial page (perhaps with music), showing all the people that have passed and where they are buried. If they have a family cemetery and they would like to include with pictures of that. Also, maybe have a slide show that could be added to it. Another suggestion was made to include a section for newborns. Include the family tree in a 'fixed' format to keep it simple.

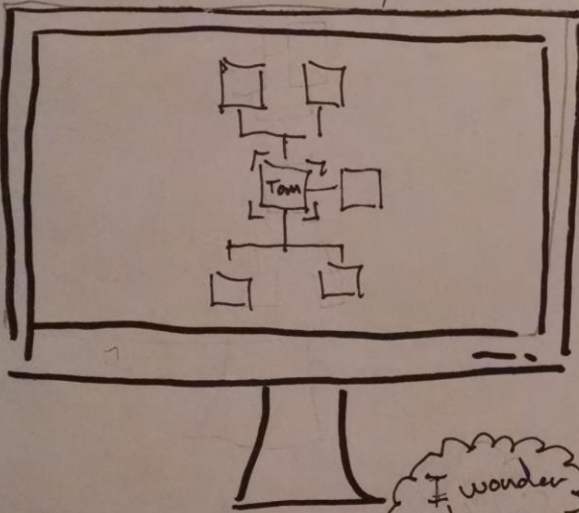

After the reunion, he thought about the internet site and wanted to know more about his uncle.

He wanted to know where was uncle Tom was buried.

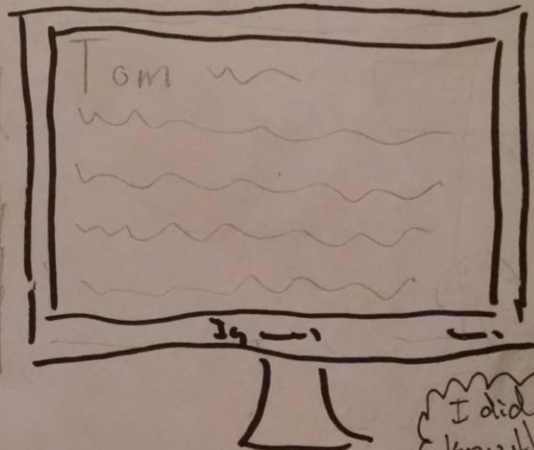

He wanted to know if Uncle Tom had any children.

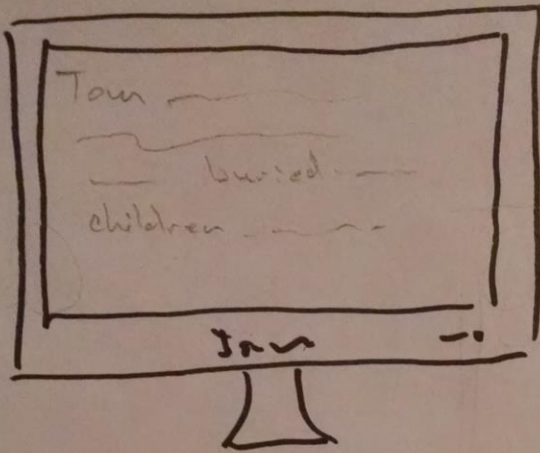

I wonder where they live?

He started searching things and found lots of things he did not know about Uncle Tom.

I did not know that

He showed his mother what
he had found about his
Uncle Tom.

He saw how close they lived
and asked his mother if they
could go meet them.
