

PROJECT SCOPE STATEMENT

TITLE	SMARTSCAN - COMPATIBLE WITH SMART DEVICES	DATE	10.29.2024
PROJECT MANAGER	Meah Hopkins		
PROJECT JUSTIFICATION	The SmartScan will be designed to be a user-friendly, downloadable application equipped with a database where information about scanned items will be stored and tracked based on dates of upload and types of items.		
PROJECT SCOPE DESCRIPTION	The SmartScan will be used as a feature of the downloadable application to send out notifications to users via email or text alert when items scanned and stored in the database are nearing their expiration dates.		
PROJECT OBJECTIVE	To create a tool that will remind users to consume perishable grocery items so as not to risk food and money waste.
