

# ASSIGNMENT

## #3

In the assignment of the first week, you create your logo in Photoshop or Illustrator. In this assignment, you must improve that logo by changing color, fonts, and projection. For example, This logo was created for an organization in the school by one of the students. It was used as the picture in the T-shirt for the organization. Another example is this logo was created by one of my students for the Mercer Research Conference 2018. Attach the final product to this assignment as a picture and as a file of the program Photoshop or Illustrator. You will use the logo for your final project and/or portfolio.
